

QUESTIONS TO CANDIDATES FOR THE PONTYPRIDD CONSTITUENCY collated from submissions from St David's Uniting Church and St Dyfrig's Catholic Church

1. What are your priorities for caring for the natural environment of the UK? Please comment on the possible expansion of nuclear power and the likely environmental impact of expanding Craig-Yr-Hesg quarry.
2. How will you tackle poverty and eliminate the need for foodbanks?
3. How would you tackle anti-social behaviour, such as on buses? What support would you put in place for young people in this constituency?
4. Noting that healthcare depends heavily on immigration, and that the many international students who study in Pontypridd no longer have the right to bring spouses and dependents, what are your views on future immigration?
5. How will you support improved pay and conditions for carers, or an apprenticeship pathway into nursing?
6. How will you ensure peace in the Middle East, including a just, sustainable solution for the Palestinian people? What are your views on an immediate ceasefire or stopping arms exports?
7. How would you like to see the House of Lords reformed to become more democratic?
